## **NF STC Training/Match Server !!**

Hi my fellow NF dudes ^^

ys-tp Fleckman hosted us a training/match server for STC :D  
This is really great, cause for the first time we can train together on a private server.  
Easier to see eachothers times, good for team communication, etc...  
More details about server login/password can be found on the forum (STC6 thread !)

Now go go go... train hard...  
Want to see us winning in the 2nd round ^^
